MAGAZINE OF THE U.S. NAVY

  
Any  
Day  
in the Navy

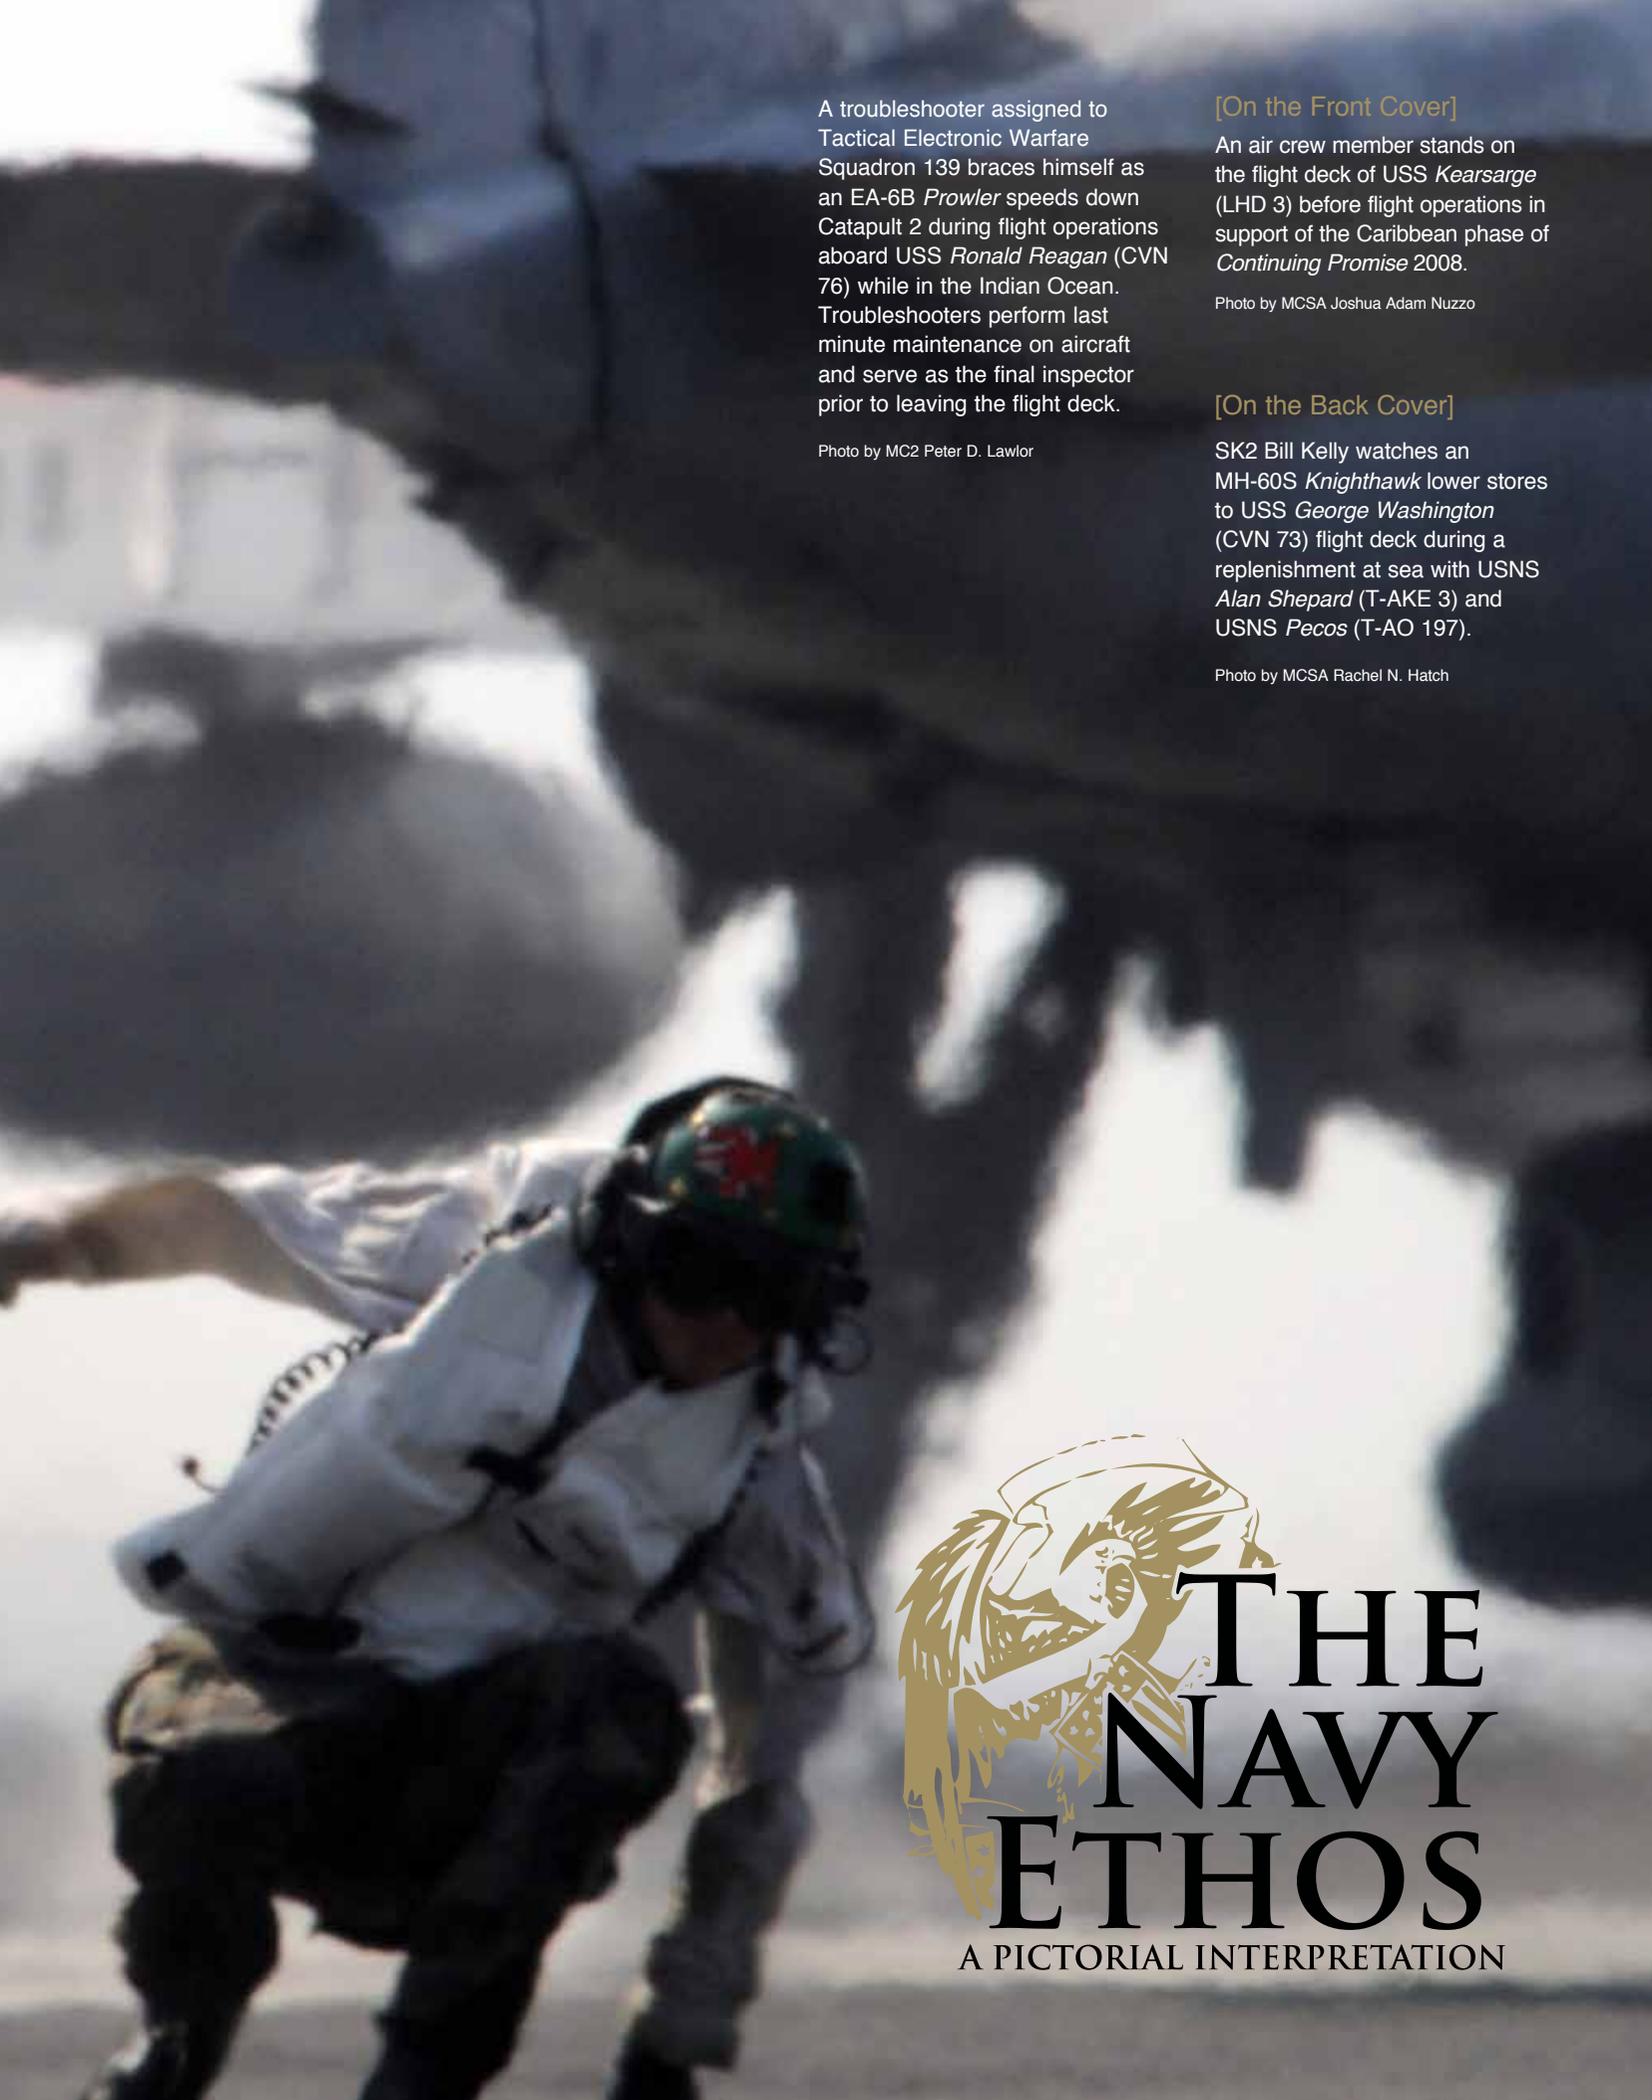

**N**avy Ethos. Approved nearly a year ago, it speaks to our character, values and beliefs forged over centuries of tradition. It reaffirms our Navy Core Values and serves as the guiding pennant for naval missions ranging from carrier strike group operations in the Pacific, counter-piracy operations in the Gulf of Aden and medical outreach in South America to research and development for the future fleet in our shipyards and caring for our wounded warriors in our hospitals.

As the *All Hands* magazine staff poured through the thousands of images showcasing the determination and achievement of Sailors, civilians and family members in every corner of the world, it became evident that nothing explained the Navy Ethos better than those moments captured in these photographs. Each photo tells a story, and each story is a testimony of your proud, selfless and courageous service.

While we were unable to include in these few pages all the photos considered, we have created a photo gallery with all the submissions considered for publication on the online Any Day photo gallery at [www.Navy.mil/anyday09](http://www.Navy.mil/anyday09).
