

Calls Home to Cost Less During Special Holiday Promotions

Military service members serving in select overseas locations will now have the opportunity to call home for less during certain holiday periods, beginning Mother's Day, May 8.

The Navy Exchange Service Command (NEXCOM) is lowering the price of phone calls from Germany, Italy, Spain, Portugal, United Kingdom, Belgium and the Netherlands back to the United States during seven upcoming holidays.

Calls from Germany, Italy, Spain, Portugal and the United Kingdom to the United States from land lines using the toll-free numbers will be just 5 cents per minute, while calls from the Netherlands and Belgium to the United States will be just 7 cents per minute during these special days. Calls must be made using the NEX phone card, available at the Navy Exchange, to receive the lower rates.

The holidays for which the lower phone rates apply are: Mother's Day, May 8; Father's Day, June 19; Independence Day weekend, July 2-4; Labor Day, Sept. 5; Thanksgiving, Nov. 24; Christmas Day, Dec. 25; and New Year's Day, Jan. 1.
