

Navy Knowledge Online Announces Improvements

Navy Knowledge Online (NKO), the Navy's premier interactive education and training tool for Sea Warriors, is moving into another phase of service to the fleet.

KNOWLEDGE ONLINE

The Web site is a one-stop knowledge location for Navy education, training and professional growth management.

Unprecedented growth over the last 12 months prompted a redesign to improve usability and ease navigation for individual users searching for content specific to their needs. There are now more than 480,000 worldwide users of NKO.

Once the new phase of NKO is launched in June, Sailors will be able to use all of the functions they have become familiar with, including white pages, message boards, notifications, administrator functions and a fully-integrated NKO library.

Sailors can learn more about NKO's redesign functionalities and capabilities by exploring the links on the NKO homepage. Detailed instructions, user guides and tutorials can be found under the "Inside NKO" tab. These links and learning tools will be updated as the redesign cutover approaches and will be found on the NKO homepage under "About NKO."
