## Tuskegee Airmen, Inc. to Recognize Diverse Aviators

Tuskegee Airmen, Inc., (TAI) is seeking nominations for several military awards to be presented during the 34th Annual National Convention Aug. 15-20, in Orlando, Fla.

The Navy's Diversity Directorate Office highly encourages participation by those involved with policies and programs related to the recruitment, training, and advancement of women and minorities in aviation and aerospace career fields.

"The Tuskegee Airmen are a vital piece of our nation's history," said Lt. Andre Stridiron, of the Navy Diversity Directorate Office.

"Supporting events such as this further strengthens the Navy's commitment to diversity and Human Capital Strategy. There's a full range of training and outreach potential available through TAI."

TAI's goal is to identify outstanding military nominees, enlisted and officer. Commanding officers are encouraged to submit nominees for this prestigious award by May 31. Details on each award can be found online at [www.taiconvention.com](http://www.taiconvention.com). Click on award criteria.

During the week of Aug. 17-19, TAI will host a series of military forums focused on officer, enlisted, Reserve and civilian issues (e.g., professional development, advancement, mentoring). In addition to the [www.taiconvention.com](http://www.taiconvention.com) site, Navy Personnel Command has posted information on [www.npc.navy.mil/CommandSupport/Diversity/.htm](http://www.npc.navy.mil/CommandSupport/Diversity/.htm).
