

TFU Fleetwide Survey Available on BUPERS Online

The Navy Task Force Uniform (TFU) Survey is now available on BUPERS Online (BOL), allowing Sailors fleetwide the opportunity to respond to uniform changes they set in motion with the first fleet survey in February 2003.

By logging onto BUPERS Online and selecting Uniform Survey from the BOL Application Menu, the survey provides Sailors with the chance to give input regarding the directions of current test uniforms, as well as the future initiatives of TFU.

After users log in, they are directed to the appropriate survey based on their current pay grade. The two surveys, one for E-7 and above, the other for E-6 and below, center around TFU Phase II concepts which are standardized for fleetwide comments on the current wear test uniforms.

The Navy TFU Survey is available at www.bol.navy.mil/.
