Corporate Partners Offer Free Tax Filing Service to Military Members

Military members and their families can now file their taxes for free.

"Military OneSource" has partnered up with Intuit, a financial services company, to provide the TurboTax basic product for federal and state returns at no cost. Military members can download this program and also benefit from tax consultations and have access to appropriate resources. The Military OneSource web site will provide annual upgrades to the TurboTax software at no cost.

This year, the department is also offering the opportunity for service members to self-file electronically at no cost.

For many years, help has been available at many installations through the Voluntary Income Tax Assistance program. VITA volunteers will continue to be available through legal centers at most installations to help service members file their taxes free of charge.

For more information, visit the Military OneSource Web site at www.militaryonesource.com.
