Sticker Renewal Goes Online

Anyone trying to renew a regional vehicle decal may now do so online. The new process allows normal customers of Pass and I.D. to bypass lines and waiting times and conduct business with only a few clicks of the mouse.

Within the next few months, all regions in the U.S. will be able to renew their respective regional vehicle stickers online. Currently, six Commander, Navy Installations Command Regions are online. Navy Region Mid -West came online in April, and Mid-Atlantic is expected to be online soon.

The site can be accessed by going to the local region Web page and clicking on the "Vehicle Decal Renewal" link on the left side of the page.

A full social security number is not a necessity to renew a decal. Soon, customers will be able to attain decals of the new naval region they are transferring to.
