Captain's Call

Summer Safety Resources Available

In an effort to save lives and reduce the risks associated with common summertime activities, the Naval Safety Center has compiled various resources for service members.

The theme for this year's summer safety campaign is "Live to Play, Play to Live," and it focuses on the many ways Sailors, Marines, and their families can have fun without becoming a victim.

Summer safety resources have been designed so commands can personalize them for their own safety standdowns or training sessions. The campaign includes presentations, videos, articles for base newspapers, and traffic and recreation booklets.

Focus areas for this year's campaign include motor vehicle safety, alcohol awareness, and water safety. The majority of last summer's fatalities fell into these categories.
