## Navy Unveils Self-Apply Option for Permanent Change of Station Orders

The latest upgrade to the Navy's detailing system empowers Sailors by allowing them to submit their own job applications when negotiating for permanent change of station (PCS) orders, according to NAVADMIN 200/09, released July 7.

Career Management System Interactive Detailing (CMS/ID), is a Web-based system that allows Sailors to view available job assignments and make applications through their command career counselors when looking for PCS orders. Beginning with the July 9 CMS/ID application cycle, many Sailors will have the ability to submit applications on their own.

The OPNAV N16 Fleet Introduction Team tests and validates manpower, personnel, training and education applications currently being used by Sailors. CMS/ID Self-Apply option was tested at 15 different commands including ships, shore units and squadrons during a five-month period.

While this new option allows Sailors to apply for jobs on their own, the career counselor will still retain the option to review and modify requests.

Before getting started, Sailors must meet Perform to Serve requirements as outlined in NAVADMIN 017/09 and 161/09 and be within their orders negotiation window in order to submit applications. Sailors can access CMS/ID online at <https://www.cmsid.navy.mil>. A common access card (CAC) and a card reader are required to log in.

Sailors without Internet access should continue to communicate with their detailers through the career counselor and the chain of command.

For more details read NAVADMIN 200/09.
