Command-Delivered Enlisted Leadership Training for Newly Selected E4-E7 Personnel

NAVADMIN 272/08 established the requirement for Sailors selected for advancement to E4, E5, E6, and E7 to receive leadership training, delivered by the command, prior to frocking to the new pay grade. All materials required to deliver the command-delivered leadership training courses may be found on Navy Knowledge Online at <http://www.nko.navy.mil> on the "Leadership" tab. This NAVADMIN also outlines the requirement for commands to document completion of leadership training in the Fleet Training Management and Planning System (FLTMPS). The Center for Personal and Professional Development (CPPD) is currently monitoring completion rates for selectees from the March 2011 Petty Officer advancement cycle. As of 27 JUN 11, documentation rates for each pay grade are as follows:

March 2011 Selectee Leadership Documentation Status

- E4s selected: 8756
 - Training documented: 3990
 - Completion percentage: 45.57%
- E5s selected: 7265
 - Training documented: 2941
 - Completion percentage: 40.48%
- E6s selected: 3208
 - Training documented: 1221
 - Completion percentage: 38.06

While these numbers are better than the results for the September 2010 advancement cycle, we still have a long way to go. Please take the time to review the status for your command. If you have questions about requirements, reports, or documentation, contact Kevin Ramey at (757) 492-5641 or by email at kevin.ramey@navy.mil
