

CNO FRAGO

Mission One for every Sailor – active and reserve, uniformed and civilian – is the operational readiness of today’s Navy. Our Nation expects a ready Navy – ready to fight today – and our commitment to the training, maintenance, and modernization that will also ensure a Navy ready for tomorrow. We will deliver this Navy.

WARFIGHTING

End State: A Navy that is ready to win across the full range of military operations. We must have a Fleet that is manned, trained, equipped, integrated, and ready to meet requirements of our senior leaders at any time. Alongside the Marine Corps, the Navy will deliver decisive Integrated American Naval Power.

WARFIGHTERS

End State: A Navy that is world-class. We will recruit, educate, train and retain America’s most talented men and women. Our people – uniformed and civilian Sailors – are our asymmetric advantage.

FUTURE NAVY

End State: A Navy that is fully prepared to fight and win. Our Navy will be equipped with the right capabilities and numbers to meet the challenges of a complex and competitive maritime environment. We will look at what is required to operate forward, build the Fleet to match, and train together until we achieve integrated combat power across the force.

“I am confident that we will maximize the Navy we have today while delivering the Navy that our nation will rely upon tomorrow. We will do so with **urgency**. Our fleet will be a potent, formidable force that competes around the world every day, deterring those who would challenge us while reassuring our Allies and partners. Joining with the Marine Corps, we will deliver decisive **Integrated American Naval Power** when called. As we focus on the future, we will value and celebrate our heritage. Our Core Values of **Honor, Courage, and Commitment** and our attributes of **Integrity, Accountability, Initiative, and Toughness** will always guide us. They underpin who we are as members of the profession of arms: united by our common oath, dedicated to our special standards of ethics and character, and constantly honing our unique expertise in the art and science of naval warfare.”

— Adm. Mike Gilday
Chief of Naval Operations
